This subclass constitutes an internal scheme for indexing only.

A23V 2002/00**Food compositions, function of food ingredients or processes for food or foodstuffs****NOTE**

Indexing codes of main groups [A23V 2200/00](#) , [A23V 2250/00](#) and [A23V 2300/00](#) are used in combination with the base symbol [A23V 2002/00](#) to indicate the composition, function of ingredients or processes.

The indexing codes of this group are used in combination with the ingredients compositions codes

A23V 2200/00**Function of food ingredients (not used; see subgroups)****NOTE**

The indexing codes under this group are used in combination with the codes for ingredients compositions
