

## G03D

**APPARATUS FOR PROCESSING EXPOSED PHOTOGRAPHIC MATERIALS (apparatus specially adapted for photomechanical production of textured or patterned surfaces [G03F](#)); ACCESSORIES THEREFOR (photosensitive materials or processes for photographic purposes [G03C](#); electrographic, electrophotographic, or magnetographic methods or apparatus [G03G](#))**

### Definition statement

*This place covers:*

Liquid processing apparatus, with or without immersion

Washing apparatus, with or without immersion

Gas processing apparatus

Diffusion development apparatus

Reversal processing apparatus

Other processing apparatus or accessories therefor

Apparatus for treating processed material

Dark-room arrangements or portable dark-rooms

### References

#### Limiting references

*This place does not cover:*

Photosensitive materials or processes for photographic purposes	<a href="#">G03C</a>
Apparatus specially adapted for photomechanical production of textured or patterned surfaces	<a href="#">G03F</a>
Electrographic, electrophotographic, or magnetographic methods or apparatus	<a href="#">G03G</a>

#### Application-oriented references

*Examples of places where the subject matter of this place is covered when specially adapted, used for a particular purpose, or incorporated in a larger system:*

Cameras with both developing and finishing apparatus	<a href="#">G03B 17/50</a>
------------------------------------------------------	----------------------------

#### References out of a residual place

*Examples of places in relation to which this place is residual:*

Exposure apparatus for contact printing adapted to be combined with processing apparatus	<a href="#">G03B 27/30</a>
------------------------------------------------------------------------------------------	----------------------------

#### Informative references

*Attention is drawn to the following places, which may be of interest for search:*

Spraying apparatus; Atomising apparatus; Nozzles	<a href="#">B05B</a>
--------------------------------------------------	----------------------

Apparatus for applying liquids or other fluent materials to surfaces, in general	<a href="#">B05C</a>
Processes for applying liquids or other fluent materials to surfaces, in general	<a href="#">B05D</a>
Photosensitive materials for photographic purposes; Photographic processes; Auxiliary processes in photography	<a href="#">G03C</a>
Apparatus specially adapted for photomechanical production of textured or patterned surfaces	<a href="#">G03F</a>
Electrographic, electrophotographic, or magnetographic methods or apparatus	<a href="#">G03G</a>

## G03D 3/00

**Liquid processing apparatus involving immersion; Washing apparatus involving immersion ([G03D 9/00](#), [G03D 11/00](#) take precedence)**

### Definition statement

*This place covers:*

Apparatus for liquid processing or apparatus for washing exposed photographic materials in which the material is immersed in the processing or washing liquid(s)

### References

#### Limiting references

*This place does not cover:*

Apparatus for liquid processing or washing in which no immersion into the processing or washing liquids is effected	<a href="#">G03D 5/00</a>
Diffusion development apparatus:	<a href="#">G03D 9/00</a>
Reversal processing apparatus:	<a href="#">G03D 11/00</a>

## G03D 3/04

**Liquid agitators (in general [B01F](#))**

### References

#### Informative references

*Attention is drawn to the following places, which may be of interest for search:*

Mixing in general	<a href="#">B01F</a>
-------------------	----------------------

**G03D 3/065****{replenishment or recovery apparatus}****References****Informative references***Attention is drawn to the following places, which may be of interest for search:*

Regeneration; Replenishers as such	<a href="#">G03C 5/31</a>
------------------------------------	---------------------------

**G03D 3/13****for long films or prints in the shape of strips, e.g. fed by roller assembly****Definition statement***This place covers:*

E.g. details of rollers.

**G03D 3/132****{fed by roller assembly}****Definition statement***This place covers:*

E.g. details of roller drive mechanisms.

**References****Limiting references***This place does not cover:*

Details of rollers:	<a href="#">G03D 3/13</a>
---------------------	---------------------------

**G03D 5/00****Liquid processing apparatus in which no immersion is effected; Washing apparatus in which no immersion is effected ([G11B 9/00](#), [G11B 11/00](#) take precedence; application of liquids in general [B05](#))****Definition statement***This place covers:*

Apparatus for liquid processing or apparatus for washing exposed photographic materials in which no immersion of the materials to be processed in the processing or washing liquid(s) is effected

**References****Limiting references***This place does not cover:*

Diffusion development apparatus:	<a href="#">G03D 9/00</a>
Reversal processing apparatus:	<a href="#">G03D 11/00</a>

Apparatus for liquid processing or washing in which immersion into the processing or washing liquids is effected	<a href="#">G03B 3/00</a>
------------------------------------------------------------------------------------------------------------------	---------------------------

## G03D 5/04

using liquid sprays (liquid sprayers per se [B05B](#))

### References

#### Informative references

Attention is drawn to the following places, which may be of interest for search:

Liquid sprayers per se	<a href="#">B05B</a>
------------------------	----------------------

## G03D 7/00

Gas processing apparatus

### Definition statement

*This place covers:*

Apparatus for processing exposed photographic materials in which the processing is done by gaseous, not liquid processing materials

### References

#### Limiting references

*This place does not cover:*

Liquid processing apparatus involving immersion; Washing apparatus involving immersion:	<a href="#">G03D 3/00</a>
Liquid processing apparatus in which no immersion is effected; Washing apparatus in which no immersion is effected:	<a href="#">G03D 5/00</a>
Diffusion development apparatus	<a href="#">G03D 9/00</a>
Reversal processing apparatus	<a href="#">G03D 11/00</a>

## G03D 9/00

Diffusion development apparatus

### Definition statement

*This place covers:*

Apparatus for processing exposed photographic materials in which photochemical development is done by diffusion

### References

#### Limiting references

*This place does not cover:*

Liquid processing apparatus involving immersion; Washing apparatus involving immersion:	<a href="#">G03D 3/00</a>
-----------------------------------------------------------------------------------------	---------------------------

Liquid processing apparatus in which no immersion is effected; Washing apparatus in which no immersion is effected:	<a href="#">G03D 5/00</a>
Gas processing apparatus	<a href="#">G03D 7/00</a>
Reversal processing apparatus	<a href="#">G03D 11/00</a>

## G03D 11/00

### Reversal processing apparatus

#### Definition statement

*This place covers:*

Apparatus for processing exposed photographic materials in which reversal processing is done, e.g. with controlled intermediate exposure of the materials to be reversal processed to light

#### References

##### Limiting references

*This place does not cover:*

Liquid processing apparatus involving immersion; Washing apparatus involving immersion:	<a href="#">G03D 3/00</a>
Liquid processing apparatus in which no immersion is effected; Washing apparatus in which no immersion is effected:	<a href="#">G03D 5/00</a>
Gas processing apparatus	<a href="#">G03D 7/00</a>
Diffusion development apparatus	<a href="#">G03D 9/00</a>

## G03D 13/00

### Processing apparatus or accessories therefor, not covered by groups

[G11B 3/00](#) - [G11B 11/00](#)

#### Definition statement

*This place covers:*

Apparatus for processing exposed photographic materials which are not covered by groups

[G03D 3/00](#) - [G03D 11/00](#)

#### References

##### Limiting references

*This place does not cover:*

Liquid processing apparatus involving immersion; Washing apparatus involving immersion:	<a href="#">G03D 3/00</a>
Liquid processing apparatus in which no immersion is effected; Washing apparatus in which no immersion is effected:	<a href="#">G03D 5/00</a>
Gas processing apparatus	<a href="#">G03D 7/00</a>
Diffusion development apparatus	<a href="#">G03D 9/00</a>
Reversal processing apparatus	<a href="#">G03D 11/00</a>

**G03D 13/02****Containers; Holding-devices****References****Informative references**

Attention is drawn to the following places, which may be of interest for search:

Containers for storage or transport of articles or materials, in general	<a href="#">B65D</a>
--------------------------------------------------------------------------	----------------------

**G03D 15/00****Apparatus for treating processed material****Definition statement**

*This place covers:*

Apparatus for treating processed material, e.g. film cleaning.

**G03D 15/001****{Counting; Classifying; Marking}****Definition statement**

*This place covers:*

E.g. storage of processed of material.

**References****Limiting references**

*This place does not cover:*

Slide mounting	<a href="#">G03D 15/10</a>
----------------	----------------------------

**G03D 15/02****Drying; Glazing (combined with processing apparatus [G11B 3/00](#) - [G11B 13/00](#); drying in general [F26B](#))****References****Informative references**

Attention is drawn to the following places, which may be of interest for search:

Drying solid materials or objects by removing liquid therefrom	<a href="#">F26B</a>
----------------------------------------------------------------	----------------------

**G03D 15/022****{Drying of filmstrips}****References*****Limiting references****This place does not cover:*

Squeegees	<a href="#">G03D 15/02</a>
-----------	----------------------------

**G03D 15/027****{Drying of plates or prints}****References*****Limiting references****This place does not cover:*
