### Special rules of classification

In this subclass, an indexing scheme is used:

The indexing scheme is used in all main groups under the subclass [B60F](#). This indexing scheme is used for indexing information related to the invention information which is not limited to the scope of one of the main groups in the subclass [B60F](#). The use of this indexing scheme is obligatory for invention-related information.

## B60F 1/00

**Vehicles for use both on rail and on road; Conversions therefor**
