NOTES

1. This subclass covers only single or combined operations, e.g. multistage operations, not fully classifiable in a single other subclass.
2. In this subclass, the following terms or expressions are used with the meanings indicated:
 - "disposal" means the discarding, e.g. dumping, or destroying of waste or its transformation into something useful or harmless;
 - "solid waste" includes waste which, although it has liquid content, is for practical purposes handled as solid.
3. In this subclass, it is desirable to add the indexing codes of group {[B09B 2101/00](#)}.
